

## TN eCampus (formerly RODP)

**You cannot log in to your courses until 4:00 p.m. on the first day of class.**

**Go to Class at <https://gotoclass.tnecampus.org/>**

**If you are a prior RODP student,** your account is still active, and you can access your D2L email with the same username and password combination that you have used previously.

**If you are a new TN eCampus student,** you will be able to access the system on the first day of classes with a username and password combination as shown in the examples presented here.

**Your eLearn Username** is the first initial of your first name + your full

last name + the month and day of your birthdate (no spaces).

**Example:** William Smith with a birthday of March 27th has an eLearn ID of: wsmith0327

**Your eLearn Password** is your six-digit birthdate (mmddyy).

**Example:** For a user whose birthdate is March 27, 1981, the password would be: 032781

A screenshot of the login interface. It features two input fields: "Username \*" and "Password \*". Below the password field is a "Log In" button and a link that says "Forgot your password?".
